

Longest length

Measure from underside of the pendant

Up to 3000mm standard
Up to 9900mm custom

38 copper suspension system in a random configuration.

Copper suspension will come in bags labeled with length in mm.

Copper lengths start at 300mm, and increase in increments of 150mm up to 6000mm. From 6000mm onward, lengths increase by 300mm.

By default we will add 25% to the total length for the copper to be composed.

Measuring Tips:

1. Determine maximum drop. Measure from ceiling (NOT away from floor).
2. Determine L x W install dimensions.
3. Provide overall height of the room.
4. Provide hand sketch of ideal distribution.
